

Name: \_\_\_\_\_

Amy collects squishies. Before she started getting serious about collecting, she only had 5 of them. But now she has 21 squishies. She ordered 9 really big squishies online. They should be delivered next week on her birthday. And guess what? Next week on her birthday, she invited 4 friends over for a slumber party. In the invitation she said, "No gifts. Just give me 3 squishies."

On the day after her birthday, how many squishies will Amy have?

The numerator of a fraction is two. The denominator of a fraction is five. Write the fraction.

Draw a pizza pie showing this fraction.
